Due to financial hardship, Plaintiff was forced to provide Certificate of Service at a later date to The Court, after receiving Disability payment by mail on July 1, 2018. Let the record show that Plaintiff did serve Defendant within allowed timeframe. Let the record show Plaintiff has been ill and unable to sit up, stand, eat or go to the restroom without assistance from the date of June 20, 2018 thru June 28, 2018, due to a Sickle Cell Anemia Crisis. Let the record reflect the Plaintiff hereby states that stress from this on-going case has caused her over twelve Sickle Cell Crisis within the past two years. Let the record show that the Court failed to take necessary actions to close a dual case on file, causing her to attend unwarranted

court appearances and try to understand which court and actions were proper. Plaintiff is confused as to which court to answer, which actions to comply with, whether or not to attend court, which court orders to attend, etc. Let the record show as of June 13, 2018 Plaintiff is still receiving requests for Civil Action No.4:17-cv-1666, which should have been dismissed by the Court in 2016. Due to the confusion, after The Court has been notified of its mistake three times, Plaintiff has become increasingly stressed and extremely ill. Let the record show Plaintiff, as of June 13, 2018, is still receiving requests in two different Civil Action numbers. Let the record reflect that Plaintiff has not used her financial hardship as a ploy not to comply with Court Rules and in fact has tried to defend herself in every way, by innovative means to support her claim with expert written testimony, which was denied by the court. Let the record reflect the Plaintiff has suffered loss of income for her youngest son due to him aging out of the Social Security Disability age limit and has lost her transportation. As a result, Plaintiff is forced to try and find a ride or depend on family members for rides to take care of litigious requirements, as she is forced to defend herself. Plaintiff has not had the financial means to file proper motions, as in the case of Attorney Elizabeth B. Glasgow, forcing her to allow egregious acts against her as stated in previous documents.
